Dear Representative _____ State_____ District_____

NATIONAL PETITION TO RE-ESTABLISH THE U.S. CIVILIAN CONSERVATION CORPS (CCC)

We the undersigned Citizens of the United States urge our US Representative to co-sponsor HR 494 the 21st Century Civilian Conservation Corps Act to re-establish the United States Civilian Conservation Corps (CCC). From 1933 to 1942, the CCC was the biggest and most successful federal work program in history, and the government's most lasting environmental effort as well. The CCC demonstrated that there was absolutely no conflict between the preservation of the environment and the creation of jobs! The CCC will now include women, provide work, remedial and vocational training for the unemployed, unskilled, and veterans through conserving and developing the country's natural resources! This public sector program will provide actual green job training and job experience and will benefit future generations.
